Play with Purpose.

JOY LIVES HERE, AT THE DARLING HOME FOR KIDS

For over 20 years, The Darling Home for Kids has had the privilege of serving hundreds of families from a variety of backgrounds, across the continuum of medical fragility. We exist to alleviate the burden on the healthcare system and provide a bridge between hospital and home for families with a medically complex child.

Our goal is to give these children and families the critical support they need in their caregiving journey. While parents and caregivers can receive a much-needed break from the physical, emotional and financial demands associated with 24-hour caregiving, we provide opportunities to these special children in our care to allow them to play, grow and thrive.

In our Respite Program, we create moments of joy, comfort, and laughter, providing children and families fond memories of childhood. Many of these children have been with us for years, and we have proudly watched them grow and thrive.

Within our Residential Program, children live with us full-time, our Home becoming their home. We've celebrated birthdays, milestones, back-to-school and even graduations together.

We've held hands with families as they said goodbye to their children in Hospice Care. Providing families a sense of calm and the opportunity to just be mom, dad, brother or sister and experience peace together as a family.

Last year, our children received over **45,000** hours of essential support

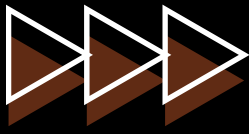

We welcomed **5 children** into our Respite Program

6 of our respite families who came forward in **crisis situations** were able to find **comfort and support** within our Home.

ABOUT

The **NE**  **XT** *Generation*

The first of its kind for The Darling Home for Kids, The Next Generation; Summertime Social aims to bring the leaders of tomorrow in a space that promotes connection, community and a come as you are environment.

Cultivated from the nostalgia of childhood that always holds a place in our hearts, The Next Gen will bring the fun, bring the impact and most importantly - play with purpose.

Our Home is a place where joy finds the space it needs to spread its wings and fly, allowing each one of our children to smile and experience the magic of childhood.

As the population of medically complex children rises in Ontario year over year, so does the demand for our services. Your sponsorship isn't just about visibility — it's about changing lives. Together, we can provide specialized care and joyful childhoods for the children who need it most.

Your support funds the essential programs that our children access daily, along with our therapeutic and family support programs.

Take a step back in time to rewind and relive the moments that shaped us, and help us shape the future of children with medical complexities today.

- Name listed on events webpage
- Recognition on social media (group thank-you)
- Name included in event signage

Together, we have the opportunity to transform the lives of families who often face extraordinary emotional, financial, and physical challenges. By strengthening the support and resources available to them, we can help ensure that no family has to navigate their journey alone.

For many caregivers, our Home represents more than respite - it provides stability, hope, and a trusted partner in their child's care journey. The families we serve are part of an underserved and often overlooked population, one that is growing rapidly.

With your help, we can reach even more families and deliver the high-quality, care they need and deserve.

Are you up for the challenge? You just need to press Start. ▶▶▶

Thank you
